

Connect With VA Care Through VA Health Chat

Receive VA care without going to a VA facility.

The VA Health Chat app enables Veterans to easily chat with VA staff online to ask questions about their non-life-threatening health concerns. VA Health Chat is available in all 18 VISNs. However, not all channels are available in all VISNs. Veterans can see the channels that are available to them by signing in to the app.

VA staff members are available to chat in most locations **Monday through Friday, 8 a.m. – 4 p.m.** local time, excluding federal holidays. In other locations, staff members are available 24/7.

Use VA Health Chat for fast answers when you need to:

Schedule a VA appointment.

Refill a VA prescription.

Receive medical advice for a non-life-threatening injury or illness.
