

Celebrating *Value & Talent*

At work, it's what people *can* do that matters.

That's the simple yet significant message behind the "Celebrating Value & Talent" PSA campaign, which features videos and other materials highlighting the value and talent people with disabilities add to America's workforce and economy.

THE CAMPAIGN FOR
DISABILITY EMPLOYMENT

"Celebrating Value & Talent" is one in a series of video public service announcements produced by the Campaign for Disability Employment, an initiative of the U.S. Department of Labor's Office of Disability Employment Policy.

Maximizing America's success starts with maximizing every American's potential—because America works best when *everybody* works.
